Name of Policy: Financial Assistance / Charity Care Policy			

I. PURPOSE

The purpose of the Policy is to define the eligibility criteria and application process for financial assistance for patients who are uninsured or underinsured and receive healthcare services at Lucile Salter Packard Children's Hospital at Stanford (LPCH). The policy also describes the types of financial assistance available and how LPCH seeks to ensure that patients have access to the information about these programs.

II. POLICY

LPCH is committed to providing financial assistance in the form of Charity Care or Financial Hardship Discount (each individually or collectively referred to in this Policy as Financial Assistance) to uninsured and underinsured individuals who seek and obtain Medically Necessary services from LPCH but are not able to meet their payment obligations to LPCH without assistance. LPCH desires to provide this assistance in a manner that addresses the patients' individual financial situations, satisfies the hospital's not-for-profit and teaching missions, and meets its strategic, operational, and financial goals.

- A. Financial Assistance is not to be considered a substitute for personal responsibility. Patients are expected to cooperate with LPCH's Financial Assistance requirements, and to contribute to the cost of their care based on their individual ability to pay.
- B. In California, an emergency physician, as defined in Health and Safety Code section 127450, who provides emergency services in a hospital is required to provide discounts to uninsured Patients or Patients with high medical costs who are at or below 400 percent of the federal poverty level.
- C. This written Policy:
 1. Includes eligibility criteria for Financial Assistance.
 2. Includes a link to list of providers who are covered by the Policy and those who are not.
 3. Describes the basis for calculating amounts charged to patients eligible for financial assistance under this Policy.
 4. Describes the method by which patients may apply for financial assistance.
 5. Establishes a methodology for determining 'Amounts Generally Billed' as required under IRC 501(r)
- D. This Policy does not address LPCH's Debt Collection Policy, which can be found at our financial assistance webpage <https://www.stanfordchildrens.org/en/Patients-families/finance-assistance/debt-collection-policy.html>.
- E. LPCH's Debt Collection Policy, Financial Assistance Policy, Financial Assistance Plain Language Summary (PLS), Amounts Generally Billed (AGB) Calculation, Financial Assistance Application, Uninsured Patient Discount Policy are readily available on our website under Financial Assistance.

3. 4. . Patients may be encouraged to apply to public programs for available coverage, but applying for such coverage is not a condition of being awarded financial assistance under this Policy.
5. In accordance with Federal Emergency Medical Treatment and Labor Act (EMTALA) regulations, no patients shall be screened for Financial Assistance or payment information prior to the rendering of services to resolve Emergency Medical Conditions.
6. The Federal Poverty Guidelines shall be used for determining a patient's eligibility for Financial Assistance. Eligibility for Financial Assistance will be based on family income.
7. The Internal Revenue Service requires LPCH to establish a methodology by which patients eligible for Financial Assistance will not be charged more than the Amounts Generally Billed (AGB) for Emergency and other Medically Necessary Services to individuals who have insurance covering such care. For purposes of this requirement, LPCH will use the "look-back method" based on Medicare rates. For details regarding LPCH's current AGB percentage, and how it is calculated please visit <https://www.stanfordchildrens.org/en/patients-families/financial-assistance-english.html>. 9. Medically Necessary services that are denied by an insured patient's health plan as not covered or that are otherwise not allowed due to insurance benefit limitations are eligible for Financial Assistance.

D. Charity Care

1. LPCH shall grant Charity Care to those patients who apply for Financial Assistance and whom LPCH determines as eligible. LPCH shall make that determination subject to the following priorities:
 - a. **First Priority:** Patients who receive emergency services are LPCH's first priority for Charity Care. (Consistent with EMTALA, LPCH's determination of eligibility for Financial Assistance cannot be made until the patient has received legally required screening and any necessary stabilizing treatment.)
 - b. **Second Priority:** Patients who have had or will have other Medically Necessary services and for whom LPCH is the closest hospital to the individual's home or place of work. (In general, if there is a county hospital in the county in which the patient lives or works, and the county hospital can provide the non- emergency service that the patient needs, the patient will be directed to that county hospital.)
 - c. **Third Priority:** Patients who have had or will have other Medically Necessary services and for whom LPCH is not the closest hospital to the patient's home or place of work, but for whom one or more of the following factors applies are LPCH's third priority for Charity Care:
 - 1) the patient has a unique or unusual condition which requires treatment at LPCH as determined by the Chief Medical Director; or

- E. Under the Financial Hardship Discount, LPCH shall limit the expected payment for Healthcare Services to a patient who does not qualify for Charity Care, as described above, but otherwise qualifies for Financial Assistance, as defined above, to the AGB, as defined below.
1. LPCH will extend to the qualified patient a Reasonable Payment Plan.
 2. LPCH shall determine a patient's income and eligibility for a Financial Hardship Discount according to the process for applying for financial assistance noted on this policy.
 3. No patient found eligible for Financial Hardship Discount will be billed Gross Charges nor more than AGB for Emergency or other Medically Necessary services covered under this Policy, including any patient copay, deductible, or coinsurance obligation.
 4. A discount based on AGB will be granted to patient who qualify for a Financial Hardship Discount. The discount will be applied to gross charges for Medically Necessary services rendered to uninsured patients, or to gross charges for Medically Necessary services that are not covered by the insured patient's benefit plan. LPCH's AGB is calculated annually and published in a separate attachment titled "Amounts Generally Billed Calculation", which is available as detailed in Section III.A and IV.C.7 of this policy. The AGB percentage is calculated by using claims allowed by Medicare for services with a discharge date from the previous fiscal year. For these claims, the sum of all allowable reimbursement amounts is divided by the associated gross charges. At its discretion, LPCH may apply the Financial Hardship Discount to a qualifying insured patient's copay, deductible, or coinsurance, or other patient liability after insurance benefits are applied.
 5. Amounts charged to Uninsured Patients are subject to the principles and procedures of the LPCH Uninsured Patient Discount Policy and are distinct from the AGB calculation and this Financial Assistance Policy. Additional information regarding the Uninsured Patient Discount Policy can be obtained by contacting LPCH Financial Counseling Department at the phone number and address set forth in Section II.C.
- F. Applying for financial assistance:
1. Any patient who indicates an inability to pay an LPCH bill for Healthcare Services shall be evaluated for Charity Care, other sources of funding, or a Financial Hardship Discount by LPCH Financial Counseling Team.
 2. Any LPCH employee who identifies a patient whom the employee believes does not have the ability to pay for Healthcare Services shall inform the patient that Financial Assistance may be available, and that applications are available on LPCH's website, in Patient Financial Services, Patient Admitting Services, the Emergency Department, all clinics, Customer Service, Financial Counseling, Patient Relations and Social Services. information and applications are available in English and in the primary languages spoken by LPCH's community where the relevant population constitutes the lesser of 1000 individuals or 5 percent of the community that LPCH serves.

3. A patient may be screened initially by an LPCH financial counselor prior to receiving non- emergent services to determine whether or not the patient or Family can be linked to any public or private payer source. If the Healthcare Service has not yet been provided and is not an emergency, the financial counselor will also help the patient determine whether there is a county hospital in the county in which the patient works or resides that can provide the services.
4. LPCH expects patients to cooperate fully in providing information necessary to apply for governmental programs for which the patient may be eligible, such as Medicare or Medi-Cal, or through the California Health Benefit Exchange. In addition, the patient will be asked to fill out a Financial Assistance Application.
5. Any patient who applies for Financial Assistance must make every reasonable effort to provide LPCH Proof of Income and health benefits coverage in accordance with the list of required information as set forth in the Financial Assistance Application. If a patient files an application and fails to provide information that is reasonable and necessary for LPCH to make a determination as to eligibility for Financial Assistance, LPCH may consider that failure in making its determination. The LPCH Financial Counseling Team will inform patients of the consequences of failure to provide complete information on a timely basis.
6. In the event LPCH denies Charity Care or a Financial Hardship Discount to a patient who has fulfilled the application requirements set forth in this Policy, the patient may seek review of that determination by contacting the LPCH Financial Counseling Team at 650-736-2273 and request review by the Financial Counseling Manage.
7. LPCH shall not consider Patients' monetary assets when determining eligibility for financial assistance, provided that when waiving or reducing Medicare cost sharing amounts, LPCH may consider the patient's monetary assets to the extent required for LPCH to be reimbursed under the Medicare program for Medicare bad debt without seeking to collect costs sharing amounts from the Patient as required by federal law, including without limitation Section 414.89 of Title 42 of the Code of Federal Regulations. Monetary assets include only assets that are convertible to cash and do not include retirement or deferred compensation plans qualified under the Internal Revenue Code, nonqualified deferred compensation plans, or assets below the maximum community spouse resource allowance under Section 1396r-5(d) of Title 42 of the United States Code.
